Our mission

Discover why we're a
different brand of experts.

Cambrex is a leading global contract development and manufacturing organization (CDMO) that provides drug substance development and manufacturing across the entire drug lifecycle, as well as comprehensive analytical and IND enabling services.

With over 40 years of experience and a team of 2,000 experts servicing global clients from North America and Europe, Cambrex offers a range of specialized drug substance technologies and capabilities, including continuous flow, controlled substances, solid-state science, material characterization, and highly potent APIs.

Drug Substance

From laboratory scale to commercial supply, our experts help solve the most complex API manufacturing challenges.

IND Enabling Services

- Custom API Development
- Custom API Manufacturing
- Generic API Manufacturing
- Reactor Design and Build
- Technology Transfer

Drug Product

From early formulation development to small-scale manufacturing, Cambrex delivers your complex dosage forms with expertise.

Custom Development

- Custom Manufacturing
- Clinical Supply
- Pediatrics

Analytical Services

Trust our analytical development and testing experts to rapidly advance your molecule for the greatest chance of success.

Analytical Testing

- Biopharmaceutical Testing
- Solid State Chemistry
- Microbiology
- Stability Storage
